

How to activate your BlackBerry® Email Account

Activate your BlackBerry® Account at Web Client

- Browse to indosat.blackberry.com or telkomsel.blackberry.com or xl.blackberry.com
Select Menu **"Create New Account"**

- On the *"Terms and Conditions"* page
Click on *"I have read and understand the Legal Terms and Conditions"*
Select **"I Agree"**
- Insert your **PIN** and BlackBerry® **IMEI** and click **Continue**

To know your PIN and IMEI on your BlackBerry® handheld
 - Go to Menu **Option**
 - Select **Status**
- Insert **Username** and **Password** you would like and then select **NEXT**
- Insert email account you would like to synchronize with your BlackBerry® handheld
Insert Username for the email at @indosat.blackberry.com (optional)
Then select **NEXT**
- Now your email address is registered
to add another email address select **SET UP ACCOUNT**
- Insert your password and email address and then select **NEXT**
Do with the same way when you add another email address
- List of your email address which has been registered will show as **"valid email account"**
- You can do the changes **"sender from"** and signature from all of your email account
- After finished, select menu **Service Books** on the left side of the list menu
- Click **Send Service books** to synchronize all of your BlackBerry® account setting on your handheld
- After finished, please **LOG OUT** your account and wait for few minutes until your email is push into your BlackBerry® Handheld.
- **Now your BlackBerry® handheld is ready to use.**
